open marker: lease / subscription, 3-year total
Bubbles: technology envelopes, after Ashby's material-property charts.
Voxel size = smallest lateral feature: 2PP/MPP: focal-spot resolution; PµSL, DLP, MSLA: projected pixel; laser SLA: beam spot (UnionTech: min. layer as proxy).
Prices: list/launch prices (USD) as published by vendors, dealers, all3dp and aniwaa; EUR at 1.16 USD. Altraspin nudged right (same 0.2 µm as µFAB-3D).
